A lot gets talked about friendship. Everyone wants a true 1/....., and many of us believe that we have a friend 2/..... can be called so. Most of us rely 3/friends for advice and support . A true friend is a little more than a very good friend. A true friend will comfort you 4/..... if it hurts his own interest. A true friend will understand 5/..... motives and needs and will be with you without any analysis or 6/..... A true friend will come forward to help without 7/.....of anything in return. If you feel 8/....., a true friend will support you even if the whole world opposes you. Instead of having hundreds of good friends, if you have a true friend, treat yourself lucky.

Good Luck ☺
